SENATOR SPENCER SAYS WE SHOULD COOPERATE

"Every impulse of generosity leaves us to co-operate with our Allies to insure the future peace of the world." This was the statement made by Senator Selden P. Spencer who spoke to a crowded house at the Rialto Theatre Wednesday night. Senator Spencer discussed the League of Nations and the Victory Loan.

The speaker was introduced by Father Timothy O'Sullivan whose remarks were pleasing and quite complimentary to the Senator.

After an urgent appeal in behalf of the Victory Loan Senator Spencer took up the question of a League of Nations which he discussed at length. Senator Spencer said that co-operation with the Allies was necessary to insure the peace of the world. "We do not ourselves need the safeguard of such a league as much as France and Belgium and Czecho-Slovakia and even England does," said the speaker. "But we have fought side by side with them to preserve justice and liberty in the world and so far as we can co-operate with them now, consistent with the preservation of our own traditions, our own immigration laws, our constitution, we will gladly do, but first of all must be the full recognition of American rights and American supremacy on this Western Hemisphere. Safeguard beyond the possibility of danger to our own institution and then sympathetically co-operate with Europe as far as we are able."

In regard to the Victory Loan the speaker said that the lessons of confidence in our ability as a nation to accomplish anything to which we put our hand and the conquering strength of co-operation are two of the great gains which have come to the American people out of this war.

"We know as never before that nothing is impossible to our united country," said the Senator. "It is in this spirit that we approach the Victory Loan. Duty calls us to speedily and completely finish it. Our country is the debtor, and that means every one of us. We pay our debts, especially when, as is the present case, that debt was incurred to insure victory. Thanksgiving inclines us to buy these bonds. We rejoice that it is not indemnity or tribute to Germany that we have to pay, that it is not to prolong the war but to bring the boys home; that this money is needed; that it is a loan of victory and not of defeat. The American people have never failed to pay their debts and never will fail. Nor are they ungrateful or stingy. The loan is bound to be over-subscribed."

The stage where the Senator spoke was filled with about fifty prominent business men of Mexico.

YOU MEN WHO PAY THE FAMILY SHOE BILLS

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickest.

You can get Neolin-soled shoes in any type of shoe you want. Prices are about the same as for shoes that give only ordinary wear, sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what shoes should be. They are available everywhere for re-soles as well as on new shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

RURAL MAIL BOXES ON RIGHT HAND SIDE OF ROAD

The Post Office Department has issued instructions that where practicable, it will be required that rural mail boxes be erected and maintained on the right hand side of the road regularly traveled by the rural carrier.

It is stated that when, because of traffic conditions, to travel from side to side of the road would endanger the life of the carrier and the safety of the mails, or would be violation of the laws in respect to the use of the highways, that all boxes should be changed to the right hand side of the road. Postmasters are expected to endeavor to have boxes placed in conformity with this requirement and are instructed to report to the Department instances in which patrons refuse to comply with reasonable requests for relocation of boxes.
